ICHA SAMOSIR

JUNIOR FRONT END DEVELOPER

Kandis, Pekanbaru | +62 821-7236-9989 | ichastevani86@gmal.com

PROFILE SUMMARY

I am Icha Samosir, a fifth-semester student in the Informatics Program at Institut Teknologi Del. I have a strong interest in design, photography, and web development. Actively engaged in the photography community, I find immense joy in expressing myself through the art of photography. I firmly believe that the fusion of information technology and creativity can lead to extraordinary creations. My vision is to become a skilled software developer with a specific focus on innovative web applications. Proficient in JavaScript, I am driven by a passion for continuous learning and a desire to contribute to impactful project teams

EXPERIENCE

Cultivating English Proficiency with the High School English Club: 2018 – 2021

As an active member of the English Club at BTB Senior High SChool, I've had the opportunity to foster my passion for the English language and develop a range of valuable skills.

Empowering Change Through Student Leadership::   2018 – 2021

During my tenure with the Student Council (OSIS), I had the incredible opportunity to make a meaningful impact within my school community.

God Voice Organitation: 2018 – 2021

During this period, I had the privilege of being part of God Voice, an organization dedicated to raising awareness about HIV/AIDS and reducing stigma surrounding the condition.
